

iLEMBE DISTRICT MUNICIPALITY

COUNCIL CIRCULAR NUMBER 32 OF 2013

TO ALL MEMBERS OF THE COUNCIL

MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK : 2013/2014 – 2015/2016

Attached is a copy of a report dated 21 May 2013 by the Manager : Budget and Compliance on the subject of the Medium Term Revenue and Expenditure Framework : 2013/2014 – 2015/2016

The report has been prepared following consideration of the draft medium term revenue and expenditure framework by the Budget and Audit Steering Committee at a meeting held on 16 May 2013 and will be considered by the Council at its meeting to be held on 29 May 2013.

All Councillors are requested to bring their copy of this Circular to the meeting of the Council to be held on 29 May 2013.

C M HARRIS

	MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK(MTREF) 2013/2014 – 2015/2016	

REPORT TO : BUDGET AND AUDIT STEERING COMMITTEE

DATE : 21 MAY 2013

DIRECTORATE : BUDGET AND TREASURY OFFICE

AUTHOR : MANAGER – BUDGETS & COMPLIANCE

1. PURPOSE

To table for consideration before Council the draft Medium Term Revenue and Expenditure Framework for 2013/2014, 2014/2015 and 2015/2016 in terms of section 16 of the Municipal Finance Management Act, No 56 of 2003.

2. MAYOR'S REPORT

To be tabled separately at the meeting.

3. EXECUTIVE SUMMARY

In terms of chapter 4, section 16 of the Municipal Finance Management Act, No 56 of 2003, the **DRAFT** operational and capital budgets must be tabled by the Mayor at a council meeting on or before 31 March of each financial year to give effect to the public participation process as envisaged in the Municipal Systems Act and the MFMA of 2003, which was done.

Section 24 of the MFMA further requires that the municipal council must at least 30 days before the start of the budget year consider approval of the annual budget, as the budget must be approved before the start of the financial year. It is in compliance with these sections that the budget is hereby tabled.

The budget report is set out under the following broad headings:

- Draft budgets:
 - Operating budget summary
 - Budget assumptions
 - Capital budget
- Proposed tariff structures
- Measurable performance objectives for revenue
- Municipal entity – Enterprise iLembe
- Service agreements

- New budget regulations
- Budget related policies
- Public input
- Publication of budgets
- Draft resolutions

The budget and IDP process plan adopted by the Council in August 2012 ensured that the said process was highly interactive and consultative in nature as this is a requirement of the MFMA 56, of 2003 and MSA 32 of 2000.

During the month of January 2013, the Mid Term Budget and Performance Assessment was conducted and a report was presented by the Accounting Officer to the Mayor of the District, who then submitted the performance assessment report to Council for consideration in January 2013 and to the National Treasury and the relevant Provincial Treasury in line with section 54(1) (f) of the MFMA.

That report included recommendations that a consolidated adjusted budget be prepared for the 2012/2013 financial year for the iLembe District and its entity. The adjustments budget was then prepared and tabled by the Mayor to Council in February 2013 in line with section 28 of the MFMA. During this process and where appropriate, funds were transferred from low-to high priority programs so as to maintain sound financial stewardship. A critical review was also undertaken of expenditure on non-core items.

As the 2013/14 draft budget is presented, it was discussed in detail with all relevant stakeholders including the Municipal Manager as well as the Mayor, before being tabled to the Budget and Audit Steering Committee for discussion. In terms of the Regulations this must be done before tabling the draft budget to full council for consideration in order to kick start the public participation process. The budget is now therefore being tabled at full Council in terms of the MFMA.

The following annual budget tables have been populated and are annexed to this item as Annexure A

Table A2: Budgeted Financial Performance (Revenue and Expenditure by standard classification)
Table A3: Budgeted Financial Performance (Revenue and Expenditure by municipal vote)
Table A4: Budgeted Financial Performance (Revenue and Expenditure)
Table A5: Budgeted Capital Expenditure by Vote, Standard Classification & Funding Source)
Table A6: Budgeted Financial Position
Table A7: Budgeted Cash Flow
Table A8: Cash backed reserves/accumulated surplus reconciliation
Table A9: Asset Management
Table A10: Basic service delivery measurement

4. Overview of the annual budget process

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality as well as the chair of the Finance Portfolio Committee, meeting under the chairpersonship of the Mayor.

The primary aims of the Budget Steering Committee are to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in IDM's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

5. Overview of alignment of annual budget with IDP

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realized through a credible integrated developmental planning process.

Municipalities in South Africa need to utilise integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents. The plan aligns the resources and the capacity of a municipality to its overall development aims and guides the municipal budget. An IDP is therefore a key instrument which municipalities use to provide vision, leadership and direction to all those that have a role to play in the development of a municipal area. The IDP enables municipalities to make the best use of scarce resources and speed up service delivery.

Local priorities were identified as part of the IDP review process which is directly aligned to that of the national and provincial priorities. The key performance areas can be summarised as follows against the five strategic objectives:

- Provision of quality basic services and infrastructure,
- Economic growth and development that leads to sustainable job creation
- Fight poverty and build clean, healthy, safe and sustainable communities
- Foster participatory democracy and Batho Pele principles through a caring, accessible and accountable service
- Promote sound governance

6. Operating Budget Summary

The proposed operational budget contains detailed information for the 2013/2014 budget year as the 2014/2015 and 2015/2016 indicative financial years and is summarised and compared with the adjustments budget figures as follows:

Description	2012/2013 Adjustments Budget	2013/2014 Proposed Budget
	R	R
Income	(443 318)	(471 881)
Expenditure		
Employee Related Costs	114 763	122 882
Remuneration of Councillors	6 888	7 189
Debt Impairment	25 373	19 346
Other Expenditure	103 727	90 222
Other Materials	34 921	21 930
Finance Charges	11 000	12 100
Transfers and Grants	40 131	26 040
Depreciation and Assets Impairment	34 060	31 600
Bulk Purchases	52 019	55 689
Contracted Services	54 951	59 973
Total Expenditure	478 851	446 971
Net (Surplus)/Deficit	35 533	(24 910)

The 2013/2014 Medium Term Revenue and Expenditure Framework focuses on the long and short term objectives and priorities of the District as well as outcomes and outputs, based on the following IDP Priorities:

- Basic Service Delivery;
- Municipal Institutional Development and Transformation;
- Local Economic Development;
- Municipal Financial Viability and Management;
- Good Governance and Public Participation;
- Safe and Secure environment;
- Spatial Development Framework Analysis; and
- Environmental Management.

National treasury's MFMA Circular No 10, 13, 19, 42, 48, 51, 54, 58, 59 and 66 were used to guide the compilation of the 2013/2014 MTREF.

The main challenges experienced during the compilation of the 2013/2014 MTREF can be summarised as follows:

- The need to re-prioritise projects and expenditure within the existing resources envelope given the cash flow realities;
- Ageing infrastructure, quality and quantity of drinkable water;
- The increased cost of bulk water which is pushing the tariffs upwards;

- Wage increases for municipal staff in excess of consumer inflation as well as the need to fill critical vacancies;
- Affordability of Capital Projects;
- The on-going difficulties in the National and Local economy;
- Availability of affordable capital or borrowing; and
- Rising and unpredictable fuel, oil and energy prices.

The following budget principles and guidelines directly informed the compilation of the 2013/2014 MTREF:

- The 2012/2013 Adjustment Budget priorities and targets, as well as the base line allocations contained in that adjustment budget were adopted as the upper limits for the new baseline for the 2013/2014 draft budget;
- Service level standards were used to inform the measurable performance objectives, targets and backlog eradication;
- That tariff increases must be affordable and be measured against the cost of bulk water. In addition, tariffs need to remain or move towards being cost reflective and should take into account the need to address infrastructure backlogs and maintenance thereof; and
- That all grant funded projects will only be implemented provided that a written confirmation in the form of Division of Revenue Act ("DORA") or otherwise is available and gazetted.

In view of the aforementioned, the following table is a consolidated overview of the proposed 2013/2014 Medium Term Revenue and Expenditure Framework:

By category	Adjustment Budget 2012/2013	Budget Year 2013/2014	Budget Year +1 2014/2015	Budget Year+2 2015/2016
	R'000	R'000	R'000	R'000
Total operating revenue	443 318	471 881	539 881	635 500
Total Operating Expenditure	478 851	446 971	467 717	497 225
(Surplus)/Deficit	35 533	(24 910)	(72 164)	(138 275)
Total Capital Expenditure	299 435	352 455	452 272	686 007

7. Overview of Budget Funding

The budget is funded out of a number of revenue sources, which includes grants, water and sanitation service charges, investment income, vat refunds and other miscellaneous revenue. This can be viewed in more detail on table A4.

More details can also be viewed from Table A8 and supporting Table SA10, which are tables that reflect whether a budget is funded or not.

8. Budget Assumptions

In the compilation of the budget, the following influencing factors were considered:

- Normal inflationary increases and pressures;
- That the budget is both zero based, incremental and programme based;
- Inflation is 5.1% for the 2013/2014,
- A 7.5% increase as per the current wage agreement;
- That there will be no changes to the powers and functions of the District during 2013/2014 financial year;
- That more than 85 % of revenue budgeted for will be collected;
- That all DORA allocations will be received during the 2013/2014 budget year.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth in the District and continued economic development;
- Efficient revenue management, which aims to ensure 85% annual collection rate for key service charges;
- Achievement of full cost recovery of specific user charges especially in relation to trading services;
- Determining the tariff escalation rate by establishing /calculating the revenue requirement of each service; and
- The iLembe District municipality's Indigent Policy and rendering of free basic service; and tariff policies of the District.

9. Contracts having future budgetary implications

The municipality currently has a contract with Siza Water, which is a 30 year agreement. This has been reflected accordingly on supporting table SA33.

10. Capital Expenditure

The proposed capital budget reflects the globular sum per capital expenditure category identified as priority areas for capital expenditure during the review of the 2013/2014 IDP and amounts to R 352 455 122 (excluding VAT).

The proposed capital budget relates to projects for which the District will be securing funding through internally generated revenue which includes vat refunds, grants and other sources of funding. Should the funding not materialise, then the capital projects cannot proceed, as prescribed by the MFMA.

An amount of R 367 497 000 will be secured through grant funding from National Department and an amount of R 30 089 333 will be secured through internally generated revenues as well as vat refunds. However a request has been made to COGTA to fund the installation of intelligent meters (R17m), which is part of the revenue enhancement strategy. If this funding suffices, the municipality will be able to build cash reserves through VAT refunds.

The following table shows Capital Grants allocation and expenditure thereof for the year 2014:

Name of Grant	Amount	Purpose/ Expenditure
Municipal Infrastructure Grant	170, 500	For the provisioning of water and sanitation projects in line with the IDP (includes an amount of R20m that will be transferred from KDM)
Rural Transport Service Grant	1, 807	Provisioning of rural transport related services in line with the MOA
Regional Bulk Infrastructure Grant	130, 000	Provisioning of bulk water infrastructure
MSIG	890	For the integrated call centre system
Sport & Recreation	2, 469	Sport infrastructure services
Municipal Water Infrastructure Grant	49, 692	For the provisioning of water infrastructure
Expanded Public Works Programme	1, 000	For the implementation of EPWP
Water Service Operating Subsidy	11, 139	For Infrastructure related projects

The above grants have been budgeted for excluding VAT and the vat refunds have also been budgeted for accordingly. These grants will be expended on providing infrastructure for basic services in the 2013/2014 financial year in line with the conditions of DoRA, Memorandum of Agreements and applicable agreements by allocating Sector Departments.

11. Proposed Tariff Structure and Operating Revenue

Tariff-setting is a pivotal and strategic part of the compilation of any municipal budget. When tariffs and other charges were revised, local economic conditions, input costs and affordability of services were taken into account to ensure financial sustainability of the District.

National Treasury continues to encourage municipalities to keep increases in tariffs and other charges as low as possible. However, municipalities must justify in their budget documentation all increases in excess of the 6% upper boundary of the South African Reserve Bank's inflation target. The percentage increase of Umgeni Water is far beyond the mentioned target. In 2010/2011 financial year, Umgeni Water tariff was 6.2% and the District tariff was set at 5.7%. As a result of this, the District under-recovered by 0.5% for the 2010/2011 financial year. In 2011/12 financial year, the District's tariffs were set at 7 per cent while Umngeni tariffs were set at 6.5 per cent. Again in 2012/13 financial year our tariffs were set at 8 per cent while Umngeni and other water authority were in par with the District's tariffs. Given that these tariffs are determined by external agencies, the impact they have on the municipality's water and sanitation service delivery are largely outside the control of the District.

For 2013/2014 financial year, Umngeni water tariffs are proposed at 8.3% pending the final electricity increases.

It must also be appreciated that the consumer price index "CPI", *is not a good measure of the cost increases of goods and services relevant to municipalities*. The basket of goods and services utilised for the calculation of the CPI consists of items such as food, petrol, and medical services, whereas the cost drivers of a municipality are informed by items such as the cost of remuneration, bulk purchases of water and electricity, petrol, diesel, chemicals etc.

The current challenge facing the District is to manage the gap between cost drivers and tariffs levied. Any shortfall must be made up by either operational efficiencies or

service level reductions. Within this framework, the District has undertaken the tariff setting process relating to service charges as follows:

11.1 Sale of Water and Impact of Tariff Increases

All municipalities are facing similar challenges with regard to water supply as was the case with the electricity. As a result of that, the National Treasury is encouraging municipalities to carefully review the level and structure of their water tariffs. This will ensure that:

- Water tariffs are cost reflective and they include the cost of maintaining and renewal of purification plants, water networks and the cost associated with reticulation expansion;
- Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor;
- That water tariffs are designed to encourage efficient and sustainable consumption;
- That water supplied is clean and drinkable.

In addition National Treasury has urged all municipalities to ensure that water tariff structures are cost reflective by 2014. Better maintenance of infrastructure, new reservoirs construction, expanded reticulation and cost reflective tariffs will ensure that the supply of water challenges are managed in future to ensure sustainability.

Furthermore, Eskom has announced an 8 per cent in bulk electricity supply. This has got an impact on the supply of water as water purification plants, reservoirs, water networks and water distribution relies heavily on electricity.

Umgeni Water is currently undertaking a critical assessment of its capital infrastructure requirements. In that regard, Umgeni Water bulk water supply tariff increase was set at 6.5 per cent in year 2011/2012. Tongaat Hulett and WSSA had set a tariff of 9.38% and 8.5% respectively in year 2011/2012. It be noted that the District under-collected in 2010/2011 financial year as the water and sanitation tariff was set at 5.7 per cent.

In view of the above and other outlined challenges, a 9.5 per cent water tariff increase is proposed, effective from the 1st of July 2013.

11.2 Sanitation and Impact of Tariff Increases

A tariff of 9.5 per cent for sanitation effective from 1 July 2013 is proposed. This is based on the input cost assumptions related to water. It should be noted that electricity costs contribute significant portion of waste water treatment input costs, therefore the higher than the CPI. The following factors also contribute to the proposed tariff increase:

- Sanitation charges are calculated according to the percentage of water discharged.
- Free sanitation will be applicable to registered indigents and the total revenue anticipated in rendering this service amounts to R 17, 2 million.

Mostly, and in view of the above assumptions, deliberations and observations, it is proposed that the District's tariff and other charges be increased as follows and be advertised to the general public for implementation with effect from 1 July 2013:

Type of Service	Proposed Tariff Increase
Water charges	9.5%
Sewer charges	9.5%
Miscellaneous tariffs	Various

Details of the amended tariffs are annexed thereto.

12. Operating Transfers and Grant Receipts

The operating grants and transfers amount to R278 320 in the 2013/2014 financial year. Below is the table of grant allocations and expenditure:

Expenditure on Grant Transfers and Grant Programme for 2013/14 year

Name of Grant	Amount	Expenditure Purpose
Equitable Share	253 386	Provisioning of basic services including indigents
Finance Management Grant	1,250	Provision of Internship program and other institutional expenses
MIG Grant Operational	23 684	This grant will fund operational requirements of infrastructure

The above grants will be spent this financial year for the purposes outlined in the memorandum of agreements and as set out in DoRA. More details can be obtained on budgetary line items as disclosed in budget supporting documentation for 2013/14.

13. Operating Expenditure Framework

In preparing the 2013/14 MTREF, the following were considered:

- The asset renewal strategy and the repairs and maintenance plan;
- Balanced budget constrains which means that operating expenditure should not exceed operating revenue unless there are existing uncommitted cash-backed reserves to fund any shortfall or deficit;
- Funding of the budget over the medium-term as informed by section 18 and 19 of the MFMA;
- The capital programme is aligned to the renewal strategy and backlog eradication plan;
- Operational gains and efficiencies will be directed to funding the capital budget and other core services; and
- Strict adherence to the principle of no project plans no budget. If there is no business plan no funding allocation can be made.

Councillor and board member allowances and employee benefits

The proposed budget allocation for employee related costs for the Enterprise and the District including Councillor Allowance is R130 million for 2013/2014 MTREF. This amount includes posts as per the current organogram, critical vacant positions, notch increases as well as the current wage agreement.

The cost of living adjustment has been budgeted for at 7.15% and notch increases for 2013/14 financial year have been budgeted for at an estimated amount of R0, 4m. The salaries budget is currently sitting at 28% of the total budget.

The summary of vacant positions per department is as below:

OFFICE OF THE MUNICIPAL MANAGER			1,643,823.38
Municipal Manager	Level 0	Replacement	1,265,755.41
Audit Supervisor	Level 4	Replacement	378,067.97
CORPORATE SERVICES			1,416,386.87
Director Corporate Services	Level 1	Replacement	1,047,576.10

Senior Pollution Control Officer	Level 5	New Post	368,810.77
----------------------------------	---------	----------	------------

CORPORATE GOVERNANCE			2,585,183.92
Director Corporate Governance	Level 1	Replacement	1,047,576.10
Disaster Operational Officer	Level 5	New Post	368,810.77
Disaster Risk Field Officer	Level 7	New Post	303,271.19
Public Relations & Media Liaison Officer	Level 5	New Post	368,810.77
Logistics Officer: Public Participation	Level 7	New Post	303,271.19
Admin Assistant	Level 10	New Post	193,443.90

FINANCE			2,313,692.70
Manager: Enterprise Risk Management	Level 3	New Post	802,295.55
Loss Control Officer	Level 5	New Post	368,810.77
Fraud & Anticorruption Officer	Level 5	New Post	368,810.77
Procurement Assistant: Performance Monitoring	Level 10	New Post	193,443.90
Procurement Assistant: Database & Document Mngt	Level 10	New Post	193,443.90
Financial Clerk: Budget	Level 10	New Post	193,443.90
Financial Clerk: Budget	Level 10	New Post	193,443.90

TECHNICAL SERVICES			2,974,380.99
Director Technical Services	Level 1	Replacement	1,047,576.10
Manager: Water Quality	Level 3	New Post	802,295.55
Technician: Biotech	Level 5	New Post	368,810.77
Technician: Chemistry	Level 5	New Post	368,810.77
Sample Collector	Level 11	New Post	193,443.90
Sample Collector	Level 11	New Post	193,443.90
TOTAL VACANT POSTS			10,933,467.87

Contracted Services

An amount for contracted services of about R59, 9 million is proposed. This amount includes the following:

- R27, 4 million in respect of the security costs,
- R4 million in relation to SALGA games,
- R10 million for the WSSA contract,
- R4, 3 million in respect of plant hire,
- R2, 7 million for disconnections and reconnections, and
- Other miscellaneous votes

Other Expenditure

The proposed budget allocation for other expenses amounts to R108, 2 million for the 2013/2014 financial year, which includes grant funded expenditure to the amount of R17, 9 million. A detailed breakdown of this cost can be viewed from the supporting Table SA1.

Other Materials

Other materials are budgeted at R21, 9 million for 2013/2014. In terms of Municipal Budgeting and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver, but an outcome of other expenditures such as remuneration, purchases of materials and contracted services. The decrease in the budget of repairs and maintenance is as a result of the replacement/refurbishment costs that have been budgeted for on the capital budget to replace/refurbish depleted pipelines and pumps.

Debt Impairment

A proposed provision for bad debts totals to R 19, 3 million. Whilst this expenditure is a non-cash flow item, it informs the total cost associated with rendering the services of the municipality, as well as the municipality's realistically anticipated revenue. This is in compliance with GRAP requirements. The bad debt provision has been calculated based on the 85% revenue collection rate that is budgeted for the 2013/2014 financial year.

Depreciation & Asset Impairment

A proposed provision for depreciation, amortisation and asset impairment of about R31, 6 million is informed by the Fixed Asset Policy of the District. It should be noted that the implementation of GRAP 17 accounting standard has brought in assets that were not previously included in the asset register.

Finance Charges

Finance charges consists primarily the repayment of interest in long-term borrowings and interest charged on vehicles that are leased and is set at R12, 1 million.

Bulk Purchases

The budget for bulk purchases is set at R55.6 million, an increase of R 2 million from prior year. (5% increase)

The following supporting schedules have been populated (where applicable) and are annexed hereto:

SA1: Supporting Detail to Budgeted Financial Performance
SA2: Matrix Financial Performance Budget (revenue source/expenditure type and dept)
SA3: Supporting detail to Budgeted Financial Position

SA4: Reconciliation of IDP, Strategic Objectives and Budget (Revenue)
SA5: Reconciliation of IDP, Strategic Objectives and Budget (Operating Expenditure)

SA25: Budgeted Monthly Revenue and Expenditure
SA26: Budgeted Monthly Revenue and Expenditure (Municipal Vote)
SA27: Budgeted Monthly Revenue and Expenditure (Standard Classification)
SA28: Budgeted Monthly Capital Expenditure (Municipal Vote)
SA29: Budgeted Monthly Capital Expenditure (Standard Classification)
SA30: Budgeted Monthly Cash Flow
SA32: List of External Mechanisms
SA33: Contracts having Future Budgetary Implications
SA34a: Capital Expenditure on New Assets by Asset Class
SA34b: Capital Expenditure on the Renewal of Existing Assets by Asset Class
SA34c: Repairs and Maintenance Expenditure by Asset Class
SA34d: Depreciation by Asset Class
SA35: Future Financial Implications of the Capital Budget

SA36: Detail Capital Budget

SA37: Projects Delayed from Previous Financial Years

14. Measurable Performance Objectives

The performance objectives of the significant revenue streams of the District are recommended as follows:

Area	Performance Target
Water sales	Collection ratio in excess of 85%
Sewer charges	Collection ratio in excess of 85%
Miscellaneous tariffs	Collection ratio in excess of 85%

15. Municipal Entity – Enterprise iLembe

iLembe District municipality has one municipal entity, Enterprise iLembe which focuses mostly on the local economic development within the district. The budget for the municipal entity for the 2013/2014 financial year is R 16 million. It must be noted that the municipality has to submit a consolidated budget together with the entity.

16. Service Agreements

Adequate provision has been made on the operational budget to meet the expected expenditure for the following significant service providers:

Supplier	Nature of Service
CICS (Pty) Ltd	Software maintenance contract
Indwe Risk Services	Short-term insurance
KwaDukuza Municipality	Electricity
Telkom	Tele-communication
Siza Water	Water and sewer
Umgeni Water	Water
Debis Fleet Management	Lease of vehicle
Isidingo Security Services	Provision of security for municipal buildings and infrastructure
WSSA	Water
Tempest Hire	Hire of vehicles

17. Budget Related Policies

The following proposed budget related policies annexed hereto (Annexure) are being tabled, as consideration has been given to them in the preparation of the budget. These policies will have to be work-shopped at full Council. These policies will have to be adopted for the 2013/14 financial year:

- Tariff policy
- Fixed Assets Management Policy
- Banking, Cash Management & Investments Policy
- Inventory Management Policy
- Indigent Management Policy
- Petty Cash Policy
- Credit Control & Debt Collection Policy
- Supply Chain Management Policy
- Virement Policy
- Unauthorized, Irregular, Fruitless & Wasteful Expenditure Policy
- Budget Policy
- Customer Care and Management Policy
- Borrowing Policy
- Funding and Reserves Policy
- Long Term Financial Planning
- Infrastructure, Investments and Capital Projects

17.1 Overview of Budget Related Policies

Listed below is a brief description of the budget-related policies. The policies are attached as an Annexure.

17.1.1 Supply Chain Management Policy

The comprehensive Supply Chain Management Policy governs, inter alia, the procurement of goods and services; disposal of goods and selecting contractors to aid the Municipality in service delivery. This policy sets out the procedures that must be followed for the above activities in order to comply with all relevant legislation effectively.

17.1.2 Fixed Asset Management Policy

The Fixed Asset Management Policy governs the acquisition, utilisation, control, maintenance and disposal of assets of IDM. This policy ensures that assets are managed in an economical, effective and efficient manner throughout their life cycles, to achieve the maximum level of service.

17.1.3. Credit Control & Debt Collection Policy

The Credit Control & Debt Collection Policy, adopted by Council, focuses on all outstanding debt and aims to promote a culture of good payment habits amongst debtors. Debtors have a responsibility towards the payment of their accounts. This policy implements an appropriate, innovative system of debt collection, which is also cost-effective. The aim of this policy is to ensure that debt is collected in the shortest possible time, without any interference in the process, thereby reducing all municipal debt.

The Credit Control & Debt Collection Policy ensures a sensitive, transparent and equitable approach to debt recovery. It prescribes methods to effectively and efficiently deal with those who default on payments, whilst taking indigent consumers into consideration and keeping costs to a minimum.

17.1.4 Funding & Reserves Policy

The Funding & Reserves Policy is aimed at ensuring that the IDM procures sufficient and cost-effective funding to achieve its capital expenditure objectives in an optimum manner. This policy must be adhered to in the procurement of funding, whilst considering the maturity profile of IDM's assets and liabilities.

This policy sets out the assumptions and methodology for estimating:

- Revenue;
- Revenue that will not be collected;
- Proceeds from the disposal of assets;
- Proceeds from borrowings; and
- Funds to be set aside in Reserves (excluding Reserves held in order to comply with

GRAP standards)

17.1.5 Cash Management & Investment Policy

The Investment & Cash Management Policy ensures that all investments are made in an effective and efficient manner and generate the best return for IDM. This policy ensures that all investments made take into account the preservation and safety of the principal and appropriate liquidity.

17.1.6 Virement Policy

The Virement Policy is in place to ensure good budgeting practice, effective financial management and improved budgetary controls. This policy establishes a framework for managers to administer their budgets successfully and remain within limitations.

17.1.7 Long Term Financial Planning

A policy has been developed on the Long term financial planning of the Municipality to achieve IDM's 2027 vision. Council reviews all budget-related policies annually. These policies are in compliance with all relevant legislation.

17.1.8 Indigent Management Policy

The Indigent Policy ensures that basic services are provided by IDM to all indigent members of its community in a sustainable manner, within the Council's financial capacity. Indigent households, in terms of this policy, qualify for free basic water (10kl) and sewer. All conditions stated in this policy must be met before a household may be registered as "Indigent". Households are required to formally apply for relief and must register each year for indigent support. The prescribed documentation is available from IDM Offices. IDM currently has revenue desks to also assist with the process of registration; this is also done at municipal offices.

17.1.9 Tariff Policy

The Tariff Policy is the policy for levying fees; rates or taxes for the municipal services provided by IDM. Tariff calculations are based on the nature of the service provided and treat all users of municipal services equally, by ensuring that consumers pay in proportion to the amount of services consumed. This policy covers the Tariff Determination Process and also the Classification and Pricing Strategies of Services. It highlights the fact that all proposed tariffs are presented to the community of during the Council's consultation process in respect of the MTREF. The aims of this policy are:

- to promote local economic development' growth and competitiveness
- to cater for the indigent households whilst keeping rates affordable
- to ensure financial sustainability of service delivery

This Policy complies with the MSA.

17.1.10 Borrowing Policy

The Borrowings Policy establishes a framework for incurring debt. It must be noted, however, that IDM does not raise any short-term debt. The guidelines provided in this policy ensure that IDM adheres to all statutory requirements regarding long-term debt. This policy aims to obtain funds at the lowest possible interest rates, and with minimum risk.

17.1.11 Budget Policy

The Budget Policy sets out the principles followed by IDM in drafting the MTREF. This policy covers the responsibilities of the Mayor; the MM; the CFO and other senior managers in preparing the MTREF. The operating and capital budget; budget funding; budget transfers; unavoidable expenditure and the budget preparation process are covered extensively.

17.1.12 Infrastructure, Investments & Capital Projects

This policy deals with investments in Infrastructure and Capital Projects to address the backlogs in service delivery as well as to promote economic growth within iLembe and surroundings.

17.1.13 Inventory Management Policy

The policy aims to achieve the following objectives which are to:-

- a) Provide guidelines that employees of the Municipality must follow in the management and control of inventory, including safeguarding and disposal of inventory.
- b) Procure inventory in line with the established procurement principles contained in the Municipality's Supply Chain Management Policy.
- c) Eliminate any potential misuse of inventory and possible theft.

17.1.14 Petty Cash Policy

This policy aims to regulate the use of Petty Cash Float within IDM and to ensure that in disbursing petty cash funds the Municipality is within the ambit of Municipal Finance Management Act (MFMA).

17.1.15 Unauthorised, Irregular, Fruitless & Wasteful Expenditure Policy

The objectives of this policy includes amongst other things:

- (a) Emphasising the accountability of employees ;

- (b) Ensuring that employees have a clear and comprehensive understanding of the procedures they must follow when dealing with unauthorised, irregular or fruitless and wasteful expenditure;
- (c) Ensuring that resources made available to employees are utilised efficiently, effectively, economically and for authorised official purposes;
- (d) Ensuring that the Municipality's resources are managed in compliance with the MFMA, the Municipal Regulations and other relevant legislation,
- (e) Ensure that irregular, unauthorised or fruitless and wasteful expenditure is detected, processed, recorded, and reported timeously.

17.1.16 Customer Care & Management Policy

Through this policy the municipality's aim is to ensure that a customer will be able to contact the municipality conveniently and will be treated courteously, promptly and fairly. The customer will receive a clear response to any service request or enquiry within a stated period of time.

18. Service Delivery & Budget Implementation Plan (SDBIP)

The SDBIP can only be finalized once the budget is approved and adopted by Council. Therefore it will be tabled by the Mayor 28 days after approval of budget, in terms of the Municipal Finance Management Act.

19. Public Consultation and Publication of 2013/14 Proposed Budget

In terms of section 22 of the MFMA and in accordance with chapter 4 of the Municipal Systems Act, the Accounting Officer of the municipality must make public the draft annual budget, invite local community to submit representations in connection with the budget.

After the budget was tabled in March, public participation meetings were set in order to allow the communities and other stakeholders to comment on the draft budget and to allow the Mayor of the District the opportunity to respond to such inputs.

Comments on the draft budget were received from Provincial Treasury and a copy with responses has been attached hereto.

Once the budget is adopted, it will also be submitted to National and Provincial Treasury as per the requirements of the MFMA.

20. CONSULTATIONS

- Chief Financial Officer & The Accounting Officer
- His Worship, the Mayor, Cllr S.W Mdabe
- All Directorates
- The National Treasury & The Provincial Treasury

21. RESOLUTIONS/RECOMMENDATIONS

It is recommended **THAT**

- Council consider and adopt the DRAFT operational and capital budget for the 2013/2014 and ensuing budget for 2014/2015 and 2015/2016 financial years, copies of which are attached hereto, in terms of chapter 4, section 16 of the Municipal Finance Management Act No 56 of 2003.

It should be noted that in respect of Capital Expenditure Estimates:

- In instances where information has been provided in terms of Section 19(2) (b) of the Municipal Finance Management Act No.56 of 2003, the consideration and adoption of capital budget constitutes projects consideration for the specific projects as reflected in the detailed capital budget. Where information in terms of section 19(2)(b) is not provided, specific project approval be sought from council during the course of the year.
- That Council consider and adopt the amendments to its Tariffs of Charges as depicted on the schedule annexed hereto and marked as annexure E and that these tariffs come into operation on 1 July 2013.
- That the amended policies attached hereto be noted and approval be subjected to the policies being taken to the relevant portfolio committees.
 - Tariff policy
 - Fixed Assets Management Policy
 - Banking, Cash Management & Investments Policy
 - Inventory Management Policy
 - Indigent Management Policy
 - Petty Cash Policy
 - Virement Policy
 - Borrowing Policy

- That in compliance with section 22 of the MFMA, the budgets be published in the local press, it being noted that Council's department of Corporate Governance will attend to these aspects.
- It be noted that the Accounting Officer of the municipality will submit to the Mayor the draft SDBIP for 2013/2014 MTREF no later than fourteen days after the final approval of the District budget for 2013/2014 financial year.

References

1. Positive cash balances indicative of minimum compliance - subject to 2
2. Deduct cash and investment applications (defined) from cash balances
3. Indicative of sufficient liquidity to meet average monthly operating payments
4. Indicative of funded operational requirements
5. Indicative of adherence to macro-economic targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
6. Realistic average cash collection forecasts as % of annual billed revenue
7. Realistic average increase in debt impairment (doubtful debt) provision
8. Indicative of planned capital expenditure level & cash payment timing
9. Indicative of compliance with borrowing 'only' for the capital budget - should not exceed 100% unless refinancing
10. Substitution of National/Province allocations included in budget
11. Indicative of realistic current arrears debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
12. Indicative of realistic long term arrears debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
13. Indicative of a credible allowance for repairs & maintenance of assets - functioning assets revenue protection
14. Indicative of a credible allowance for asset renewal (requires analysis of asset renewal projects as % of total capital projects - detailed capital plan) - functioning assets revenue protection

I **M.D NEWTON**, municipal manager of **ILEMBE DISTRICT MUNICIPALITY**, hereby certify that the annual budget and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the regulations made under the Act, and that the annual budget and supporting documents are consistent with the Integrated Development Plan of the municipality.

Name: **M.D NEWTON**

Municipal manager of **ILEMBE DISTRICT MUNICIPALITY**

Signature:  _

Date: 22 May 2013_

COMMENTS BY TREASURY ON THE 2013/14 DRAFT BUDGET

1. KEY OBSERVATIONS AND FINDINGS

1.1 Compliance with Municipal Budget Reporting Regulations (MBRR)

Provincial Treasury (PT) has made a note that the municipality has prepared the budget in the prescribed format as required by Regulation 9 of the MBRR.

1.2 Credibility of figures

There were minor discrepancies noted in the audited outcome figures completed in the A Schedules in comparison to the audited Annual Financial Statements (AFS) figures from 2009/10 to 2011/12. The municipality is required to correct this.

Response: This has been adjusted accordingly, figures that are consistent with the Annual Financial Statements have been populated in the A schedules. The adjusted budget figures have been populated according to the B Schedules that were submitted to Provincial Treasury in February.

1.3 Sustainability of the municipality

Revenue and expenditure management is fundamental to the sustainability of the municipality. It is noted that iLembe District Municipality has budgeted for an *operating deficit* for 2013/14 and 2014/15 financial years. This is an indication that there are financial imbalances that need to be addressed.

The following pose a risk to the health and sustainability of the cash generating assets:

- The municipality's inability to generate surpluses over the MTREF;
- The inadequacy of the budgeted *Repairs and maintenance* and *Renewal of existing assets*.

It is imperative that the municipality approves a budget that promotes sustainability of the municipality and does not budget for a deficit.

Response: This has been addressed on the final budget that will be tabled at Council for approval and adoption. The municipality has made use of vat refunds in order to fund the internally funded capital projects as per the best practice by National Treasury.

1.4 Funding of the budget

Uncertainty on whether the budget is funded or not, due to the operating deficit that is budgeted for.

Response: The municipality has revised the budget and has budgeted for an operating surplus.

1.5 Operating Budget

PT raised a concern on a municipality being increasingly reliant on grants.

Response: That is currently beyond the control of the municipality.

1.6 Asset Management

In terms of National Treasury's guideline, at least 40% of the capital budget must be allocated to the renewal of existing assets.

Response: Currently, renewal budget is about 3.6%, this will have to be reviewed in line with the operations and maintenance plan in order to ensure that existing assets are taken care of, maintained and renewed as and when required.

1.7 Service Delivery

The Basic service delivery measurement Table A10 has not been fully populated by the municipality as the municipality only populated data for services which it is providing.

The municipality's draft SDBIP did not include monthly projections of revenue to be collected by source and operational and capital expenditure by vote.

Response: Information has been requested from the local municipalities and this will be populated for the final submission to Council.

The monthly projections of revenue to be collected by source and operational and capital expenditure by vote, was included in the documents submitted to Treasury when the draft budget was submitted in April 2013.

2. OPERATING BUDGET

2.1 Operating Revenue Framework

Service charges (Water)

PT has raised a concern with how the revenue forgone has been disclosed (10 kl instead of 6 kl)

Response: Revenue forgone has been disclosed as per PT's comments.

Service Charges (Sanitation)

An amount of R430 000 that relates to free basic sewer has been disclosed as revenue forgone instead of transfers and grants.

Response

This has been addressed in the final budget which will be tabled at full Council at the end of May 2013.

Transfers recognized - Operating

The municipality has included operating grants that are neither reflected on the Division of Revenue Bill (DoRB) nor the Provincial Gazette No. 921 nor supported by written confirmation from the grants providers.

Response

Grants not appearing on the DoRB have been removed from the final budget.

2.2 Operating Expenditure Framework –

Employee related costs

PT: Based on the 2011/12 audited outcomes and the number of senior managers reflected in Table SA24, the salaries of senior managers of the parent municipality in Table SA22 were understated in the 2012/13 adjustments Budget. Consequently the basic salary of senior managers appears to have increased by 132.6 percent. The municipality is requested to populate the budget Tables accurately.

Response: The budget tables have been accurately populated. The budget for senior managers' salaries was adjusted downwards during the adjustments budget process was due to the fact that the vacant positions of directors had not yet been filled and therefore a provision was made should they be filled during the latter part of the financial year.

PT: Based on the audited outcomes, the salaries of senior managers of the entity in Table SA22 appear to be understated in 2012/13 and 2013/14. This needs to be corrected prior to the tabling of the final budget.

Response: The budget is not understated.

PT: As per 2011/12 audited AFS, the municipality paid out an amount of R3.8 million for performance bonuses in 2011/12 and R3.6 million in 2010/11. However, no amount has been provided in 2013/14, it is therefore assumed that the municipality does not plan to pay bonuses to municipal staff in 2013/14. The same was noted in the 2012/13 financial year.

Response: The amounts noted above are not in respect of performance bonuses but rather the service bonus for municipal employees. (13th cheque) The amount have been removed under performance bonus and disclosed under "other benefits and allowances".

Transfers and Grants

In Table SA21, the municipality has not disclosed non-cash *Transfers and grants* made to groups of individuals in terms of free services.

This expenditure covers all free services given to households and other customer groups in relation to services which the municipality would normally charge. The municipality is advised to disclose grant expenditure in relation to the provision of free basic services in Tables A4, SA1 and SA21.

In Supporting Table SA1 an amount of R2.5 million is reflected under *Transfers and grants* expenditure in the entity's budget. However, this amount has not been included in Supporting Table SA1 in the consolidated budget.

Response: Non-cash transfers and grants will be reflected accordingly on the final budget. The R2, 5 m in relation to the entity reflected as transfers and grants will be disclosed correctly under "other expenditure" when the final budget is tabled.

Other items of expenditure

PT: The *Bulk purchases* budget appears understated based on prior year increases by Umgeni Water, the increase in the number of households receiving water services and the Consumer Price Index (CPIX).

Response: The 5% increase has been budgeted for due to the fact that the municipality is in the process of implementing flow limiters and therefore a saving on bulk purchases is anticipated.

PT: The municipality has allocated the entire expenditure budget relating to *Repairs and maintenance* under *Other materials* as per Table SA1, and also under the other items of expenditure, for example: *Employee related costs*. As a result, the municipality has double counted certain expenditure categories

Response: The expenditure relating to repairs and maintenance will be broken down accordingly.

PT: In terms of SA1, *General expenses* constitute 18 percent of total *Other expenditure*. For transparency purposes, the municipality needs to provide a more detailed breakdown of *General expenses* in order for Provincial Treasury to determine whether the municipality has budgeted for non-priority expenses. It is recommended that *General expenses* not exceed 10 percent of total 'other' expenditure as per Budget Format Guide.

Response: The figure for general expenses will be broken down further to align to the 10% as per the Budget Format Guide.

PT: The municipality has incorrectly included grant expenditure of R14.4 million under *other expenditure*. This amount is in respect of expenditure against grant allocations and needs to be allocated to the relevant expenditure categories in Table A4.

Response: The amount of R14, 4m is not grant expenditure per se, as it is an amount for sale of vegetables to schools according to the agreement with the department of education.

This allocation is "other expenditure" and the description will be changed so there is no confusion.

2.3 Operating Budget Surplus/Deficit

The municipality has budgeted for an operating deficit of R20.5 million in 2013/14. However, the municipality still needs to explain in the budget document how the operating deficit on its operating budget relates to the municipality's longer term financial management strategy. The municipality's operating deficit in the 2013/14 financial year may also be adversely affected by the outcome of the final water tariffs, thus increasing the municipality's operating deficit in the 2013/14 financial year.

Response: The municipality has revised the budget and an operating surplus has been budgeted for.

3. CAPITAL BUDGET

3.1 Capital Sources of Funding

Transfers recognized capital

PT: In Tables A5 and SA18, the municipality has reflected national government *Transfers recognised- capital* exclusive of VAT. Consequently, *Transfers recognised- capital* is understated. As per MFMA Circular No. 58, the municipality must show its full capital conditional grant allocations reflected in the DoRB under *Transfers recognised- capital*.

Response: The transfers recognized have been disclosed excluding vat due to disclosure and also for reporting purposes as far as the municipality is concerned. However, the transfers are not understated; the balance of grants has been accordingly reflected as vat refunds.

PT: A grant amounting to R1.7 million for ACIP (DWA) has been included in Table SA18 and Table A5 as a National Government Grant, but is not reflected in the Division of Revenue Bill.

Response: This grant has been removed on the final budget that will be tabled for approval.

PT: KwaDukuza Municipality has budgeted to transfer MIG amounting to R20 million to iLembe District Municipality. This amount has not been included in the municipality's 2013/14 draft budget, neither was an amount of R16 million in respect of top up funding for *water* and *sanitation* infrastructure services related to KwaDukuza Municipality *Housing* projects. It was noted that the R16 million has not yet been transferred to iLembe District Municipality. The municipality has agreed to include the R20 million in the final budget.

Response: This has been taken into account on the final budget that will be tabled for approval.

Public contributions and donations

Public contributions and donations of R111.8 million have also been reflected exclusive of VAT constitute 34 percent of the total capital funding. This contribution relates to the Regional Bulk Infrastructure in-kind allocation which is transferred directly to the municipality. This amount needs to be reflected in full as per MFMA Circular 58.

Response: As alluded to above, the grant has been budgeted for according to the DoRB allocation with the balance reflected as vat refunds.

Internally generated funding

Internally generated funding of R30.9 million has been included in the 2013/14 financial year and constitutes 9 percent of total capital funding of R328.6 million. The Cash Flow Table A7 and the Cash backed reserves/ Accumulated surplus reconciliation Table A8 were poorly populated. In Table A7, *Capital asset* payments were understated while *Ratepayer and other, Government capital* and *operating* grant receipts were overstated. In Table A8 no amounts have been reflected for *Unspent conditional grants, Statutory requirements* and *Other provisions*. Therefore, Provincial Treasury could not determine whether the municipality had surpluses not committed for other purposes that can be used to fund *Internally generated funding* in the capital budget.

Response: Tables A7 and A8 have been reviewed accordingly in line with the operating surplus and also considering other factors as raised by PT.

3.2 Capital Expenditure

New assets and renewal of assets

Response: Comments have been noted.

Repairs and maintenance

Response: Comments have been noted.

4. CASH FLOW MANAGEMENT

Cash from Operating Activities

PT: *Cash Receipts from ratepayers and other* appear to be overstated as the municipality has applied a collection rate of 85 percent as reflected in the budget assumptions. In order to be conservative the municipality needs to review the collection rate as it appears high in relation to prior year trends. The municipality also needs to consider other factors which may impact the collection rate such as the installation of intelligent meters, data cleansing and the slow recovery of the economy.

Response: The municipality has budgeted for 85% collection rate as it is in the process of implementing flow limiters, which will assist in ensuring that revenue collection is enhanced.

PT: *Interest earned on outstanding debtors* needs to be classified under *Interest receipts* and not receipts from *Ratepayers and other*. In addition, due to the challenges noted with respect to collections, the municipality should not project receipts from *Interest earned on outstanding debtors* in order to be conservative.

Response: The interest earned on outstanding debtors has been classified under interest receipts.

PT: *Government- operating grants* reflected in the Cash Flow budget (Table A7) appear to be overstated by R17.6 million when compared to the grants reflected in the DoRB. *Government- capital grants* also appear to be overstated by R4 million.

Response: The grants not reflected on DoRB have been removed from the final budget.

Cash from Financing Activities

The municipality has budgeted to spend 100 percent of the budgeted capital projects reflected in Table A5. However, it should be noted that the capital expenditure reflected in Table A5 is understated as the municipality has reflected *Capital asset* payments exclusive of VAT. This needs to be corrected by the municipality as it will have a major impact on the cash flow position. (Refer to section 3.1 above)

Response: Vat has been accounted for on the final budget to be tabled at Council on 29 May 2013.

Cash Flows from Investing Activities

The municipality has only budgeted R2.5 million for *Repayment of borrowing* which appears low when compared to prior year repayments and does not include repayment on the lease. As per the 2011/12 audited AFS, the leases only terminate between November 2013 and November 2015. A similar trend has been identified over the MTREF.

Response: This has been corrected on the final budget to be tabled in May.

Cash/cash equivalents at year end

Based on the recalculated Cash Flow, *Cash/cash equivalents at year end* is negative. The municipality needs to revise the Cash Flow budget in Table A7 in order to ensure that the budget is funded.

Response: The cash flow budget has been revised.

Application of cash and investments

The cash flow budget has been revised.

5. SERVICE DELIVERY MEASURES

Comments have been dealt with and others addressed by the responses above.
